Thank you Sherry – that will really make Linda feel better about the work to come.

Thank you,

David N. Larsen P.G

We do not intend to cost recover for any of the activities that will be undertaken. If the Kozaks financial situation should change (win the lottery or something nice like that) we would re-visit that.

Sounds good, I just know Linda is worried and if there was an issue I was hoping we could potentially correct it before site work begins next week.

Based on the information that was shared with EPA, will the Kozaks have any financial responsibility (cost recovery) going forward with the EPA approved scopes of work?

Thank you,

David N. Larsen P.G

I have a draft that has not been reviewed by our attorney but I would prefer to have him look at it. He is out until Monday. We have never had the need to do one of these before.

Thanks Sherry. I should be in the office today if you need to get in touch with me. With regard to the ability to pay letter, would it be possible to get a draft/unsigned copy of the letter so I can relay the letters intent to Linda Kozak? If you have not already been made aware, Linda has health issues and is understandably worried about how this investigation involving the Tribe, EPA and WDNR will impact their lives going forward.

Thank you,

David N. Larsen P.G

Thanks for getting back to me. I think we should go ahead with a meeting on the 19th since everyone but the Kozaks can attend. From that point on we will set up monthly technical meetings that the Kozaks will be invited to but would not be expected to attend.

Bob will be talking with the Kozaks today. We are processing an ability to pay letter now and we hope to have it signed by Monday or Tuesday. Bob will be talking to the Kozaks about the private utilities so that they are located.

Please hold the 19th for this meeting. I know your schedule is very, very busy. We will get back to you with the details.

Thanks,

Sherry

Hello Sherry, I apologize for the delay I getting back to you. I have had an opportunity to discuss the 19th meeting date with the Kozak's and unfortunately they have prior commitments and cannot meet on the 19th. REI personnel (myself and my direct supervisor - Ken Lassa) should be able to make the meeting on the 19th.

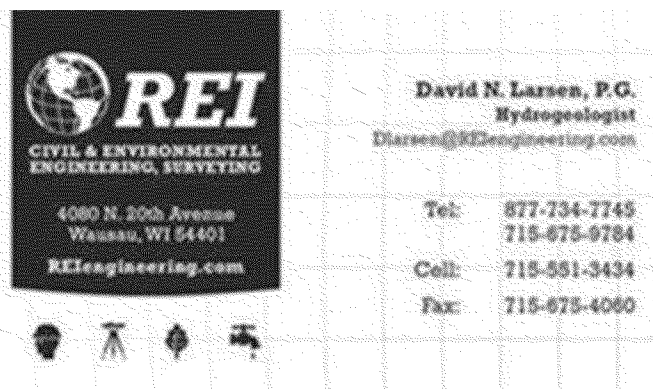

In my discussions with Linda Kozak I was told that Bob Egan was in discussion with her about access to their property. Linda had asked for assurances from Bob (EPA) that they would not be held financially responsible for any of the proposed work scheduled for next week. I had also mentioned that Kozaks do have private buried utilities on their property and they should be located prior to initiating any boring activities.

If you have any questions or concerns, please do not hesitate in contacting me at your earliest convenience.

Thank you,

David N. Larsen P.G

Dave,

Is there a chance that you can participate in an All Parties meeting to discuss Tower Standard. It would be a meeting of DNR, EPA, tribe, you and the Kozaks (if they can attend)

April 19th is a date that works for most people.

Sherry A. Kamke
